Judge Moore, in the Court of Sessions, Brooklyn, this morning granted a motion requiring Distrct-Attorney Ridgway to furnish the city and county officials who were indicted for alleged fraud in connection with bills for the Columbian celebration, copies of the minutes of the Grand Jury which indicted them.

The application was made by Lawyer Edward O'Dwyer, who appeared for twenty-one Supervisors, Aldermen Heaney, McKee and Wafer, Clerk Price, of the Aldermanic Committee, and others.

"My clients are willing to meet the charges against them," said the lawyer. We are not trying to evade the issue on technical grounds, but we think there never existed legal evidence on which to base these charges.
"If, as we say, this evidence never ex-

isted, the minutes will show it, and, outside of the fact that the constitulated, we think we are entitled to copies of the minutes.

"This is not a motion to dismiss the indictment; it is simply an application to see the minutes." District-Attorney Ridgway replied

"There is a misunderstanding in regard to this application, and it is either wilful or through a mistake. Counsel says
